Professional experience

Ericsson

2014 - present

Software Developer

Developed a command-line interface for handling communication and manipulation of Radio Base Stations using the NETCONF protocol. Helped develop the COM abstraction layer on top of the NETCONF common library at Ericsson.

Siba

2010-12

Salesman

I was the second best salesman of credit in the company for almost 6 months.

Onoff

2010

Salesman

Sold home electronics from all product departments. Got motivated by clearer focus on sales figures and sales margins.

Media Markt

2009-10

Salesman

Got education in sales. In charge of building gaming computers. Sold computers and hifi.

Skills

Proficiency represented in size
